## PLACING ORDERS

Orders are shipped within 48hours subject to availability. If you do not know the part number for an item **you can use any other company's part number to order** with a brief description when you place the order. **Our system will automatically cross the part numbers to our part number.**

**All Racks carry our unconditional life-time warranty on workmanship**

## DAMAGE AND RETURN POLICY

1. We must be notified immediately upon receipt of merchandise that is received damaged. Claims for damage during shipping must be filed with the shipping company (eg UPS, FEDEX, Freight Carrier etc) and noted on the receiving bill by the driver/carrier **at the time of delivery**. Keep a copy of the receiving bill. Claims must be made within 24 hours of receipt of merchandise. Photographs of damaged products are required for all damage claims to FRS or the shipping company.
2. Requests for a Return Goods Authorization (RGA) for products damaged (not during shipping) or incorrect products must be made within 30 days of receiving products. Please call and request an RGA prior to any return. Unauthorized returns without an RGA clearly visible on outer packaging will not be accepted and will be returned at your expense. Returns must be shipped UPS or FEDEX Ground. Freight returns can only be used with manufacturer's permission.
3. Other than Manufacturer Warranty claims or merchandise not ordered, a 20% restocking fee will be charged for all returned products. No credit or replacements will be issued or made if merchandise is shipped after 2 weeks from date of RGA or if returned products are received damaged. As far as possible, all returns should be shipped in original packaging with sufficient packaging to prevent damages during return shipment.
4. Custom Ordered Racks are non-returnable.

# Three Basic Series of Freezer Racks

## UF-Series

Stainless-Steel Upright  
Freezer Racks for  
Standard Boxes

**UF-442** Shown

**UF-Series** Racks are for Regular Upright Freezers and store standard cardboard, plastic polycarbonate boxes in individual compartments. Racks are made with high quality corrosion resistant stainless steel and include easy to access handles. Racks offer convenient access and control of samples in an organized fashion. Refer to Rack Configurator to determine which rack and how many are needed to maximize the sample storage capacity for your specific freezer.

## UFD-Series

Stainless-Steel Upright  
Freezer Drawer Racks for  
Standard Boxes

**UFD-442** Shown

**UFD-Series** Racks are for Regular Upright Freezers and have sliding drawers that store standard cardboard, plastic polycarbonate boxes in individual compartments. Racks are made with high quality corrosion resistant stainless steel and include handles to facilitate access. Each drawer has a holder for card labels. UFD-Series Drawer Racks offer convenient access and control of samples in an organized fashion without having to move the whole rack. Refer to Rack Configurator to determine which rack and how many are needed to maximize the sample storage capacity for your specific freezer.

## CF-Series

Stainless-Steel Vertical  
Racks for Chest Freezers  
& Liquid Nitrogen Tanks for  
Standard Boxes

**CF-13-2** Shown

**CF-Series** Racks are for Chest Freezers and Liquid Nitrogen Tanks and store standard cardboard, plastic polycarbonate boxes in individual compartments. Racks are made with high quality corrosion resistant stainless steel and include handles to facilitate access. A stainless steel locking rod comes with each rack to keep boxes securely in place. Each rack has two handles that may be easily raised to facilitate access and handling. Racks offer convenient access and control of samples in an organized fashion. Refer to Rack Configurator to determine which rack and how many are needed to maximize the sample storage capacity for your specific freezer.

# Simple 4-Step Guide to Determine your Freezer Rack Requirement

## 1. What type of Freezer do you have?

Upright Freezer.....

Chest Freezer.....

Liquid Nitrogen Tank.....

## 2. What will be stored ?

2" Boxes

3" Boxes

15ml or 50ml Conical Centrifuge Tubes

96 –well plates, Deep-Well plates, Microtube plates

## 3. Determine Internal Shelf Dimensions of Freezer

Height

Length (front to back)

Width

## 4. Determine Racks Needed

Refer to Style of Rack (**UF**, **UFD** or **CF** Series) to get Rack Dimensions

Identify Rack(s)

Number of Racks needed

Include Boxes to order if needed.

## 5. Still Can't Figure it Out ?

Refer to Rack Configurator Chart

Call your distributor for immediate assistance.
